Respite Services

Adult day care programs provide supervised, therapeutic care for older adults in a protected environment. They offer rehab services, meals and transportation. These programs offer respite for the caregiver and make it easier for persons with physical, mental or functional impairments to live at home.

Assistance for Family Caregivers

The **Orange Caregiver Resource Center** helps anyone diagnosed with brain impairment. This agency provides counseling, community referrals, and caregiver retreats for family caregivers. When funding is available, they offer grants to families to pay for respite care, either for an in-home caregiver, for adult day care a few days per week, or for a stay at a licensed facility. Safe Return Program

The **Safe Return Program**, sponsored by the **Alzheimer's Association of Orange County**, provides an identification bracelet that is worn by the person with Alzheimer's. The bracelet ensures that your loved one will be safely returned, should they ever wander away from home and become lost. Anyone finding your loved one can call the 800 number engraved on the bracelet and be connected to the national organization. The organization then contacts relatives immediately and the person, who was lost, is safely returned home. To order a Safe Return bracelet, contact the Alzheimer's Association at 800 - 272-3900.

Emergency Response Systems

These companies provide a response service that alerts emergency personnel to come to your home, should you have a medical emergency and need assistance. These companies offer wireless, waterproof pendants to be worn around the neck in your home. When the pendant is activated, paramedics come to your home and assess your medical condition. If warranted, you will be taken to a hospital and your family members notified.

These companies are reliable and their prices are competitive. Ask for the best deal they can offer and ask to have the one-time installation fee waived.

Home Care Agencies

The following home care agencies have partnered with the **Community Civic Association** and the **LWV Social Services Department** for this special workshop today. Each one is a full service home care agency and their caregivers are employees of the company. These agencies carefully screen their employees for your protection and safety with: criminal background checks through the Department of Justice, DMV checks, physical exams and drug and alcohol screening. They pay the appropriate state and federal taxes, social security deductions and workers' compensation for their employees. Contact the LWV Social Services Department for a complete list of full service home care agencies.

Hiring a Caregiver

~~

**LWV Social Services Department
949-597-4267**

If you plan to hire a caregiver, the following questions will help you determine how much help you need and what to look for in a potential caregiver. Hiring a caregiver can be successful, if your requirements are clearly understood.

What daily tasks do you need help with?

- Bathing, dressing and grooming
- Taking your medications on time
- Grocery shopping and meal preparation
- Transportation for appointments
- Laundry, ironing and bed linen changes
- Stand-by-assist while walking or taking a shower

Questions for the caregiver ...

- Does he have experience, current references and a clean DMV report?
- Contact those references.
- Is she covered for worker's compensation, if injured on the job?
- Can the caregiver work the days and hours you need?
- Does the caregiver have a car and a valid license?
- What does the caregiver charge per hour and when is he paid?
- What happens if this caregiver becomes ill and cannot work that day?

Questions for yourself ...

- Am I comfortable having this person in my home?
- Does this person understand my expectations and needs clearly?

If you are comfortable with your answers, set a date for the caregiver to begin. Need more information? Contact **LWV Social Services:**
